#### **CALL FOR PAPERS**

The Pirogov Russian National Research Medical University (RNRMU) cordially invites to apply for 6<sup>rd</sup> Moscow International Research and Training Conference “**Disease and Healthy Lifestyle**” which is to be held on **8<sup>th</sup> of December, 2017** at the Faculty of Psychology and Social Sciences of The Pirogov Russian National Research Medical University (Moscow).

This conference aims to provide an intellectual forum for graduate students and young professionals in the social sciences, psychology and medicine who are interested in the problems of healthy lifestyle and diseases treatment. The conference will focus on several important topics in prevention, treatment and rehabilitation of physical diseases, as well as of psychological disorders. It will bring together into the interdisciplinary approach social scholars and medical workers and will allow the exchange of opinions in such areas as keeping healthy lifestyle, rehabilitation, and personality's changes under the impact of a disease. The participants are encouraged to study healthy lifestyle in its social, gender and behavioral aspects, and to regard the efficiency of disease prevention/treatment under influence of these factors.

The conference will feature several workshops dedicated to different aspects of disease prevention/treatment and to families' coaching. Attendees will also enjoy numerous opportunities for networking and exchanging ideas with their colleagues and the faculty members.

#### **Eligibility:**

The conference organizers welcome papers from PhD Students, young practicing professionals and interns (under 35 years) in areas of Psychology, Social Sciences and Medicine. The MA students of above mentioned disciplines are also encouraged to apply.

**The official languages of the conference are Russian and English**
