

XIV INTERNATIONAL PIROGOV SCIENTIFIC MEDICAL CONFERENCE

Dear colleagues!

Dear colleagues!

Pirogov Russian National Research Medical University invites students and young scientists under the age of 35 to take part in the work of the XIV International (XXIII All-Russian) Pirogov Scientific Medical Conference which will be held on the 21-st of March 2019 in Moscow. At the conference participants are supposed to present the results of fundamental and clinical researches. You can find the list of sections in the application.

According to the results of the conference, a collection of materials will be published. The collection will be included in the Russian Science Citation Index (RSCI). The online version of the publication will be posted on the conference website.

Forms of participation in the conference:

1. Oral report with the publication of abstracts.
2. Presentation of a poster on a stand with the publication of abstracts.

To participate in the conference, it is necessary to pass the electronic registration by **December 20, 2018** and submit an abstract using your personal account on the website: pirogovka-reg.rsmu.ru.

For more information and recommendations on how to fill out the form, please visit pirogovka.rsmu.ru or email sno@rsmu.ru.

Best regards,
Chancellor of the Pirogov
Russian National Research Medical University,
Chairman of conference organizing committee

Sergei Lukyanov

Sections of the conference
